

MEET K27

Powered by Acrelec and created around the customer-centric experience, the K27 is the perfect balance between technology and design. Boasting a sleek outer display, the K27 is compact to fit small spaces, but just as powerful as our standard size kiosk.

- A powerful, balanced Intel core i5 processor to provide fluidity and speed
- A high quality 27" HD LCD display with an ultra-thin bezel and an extensive color range to brand your products while delivering a superior viewer experience

**INTEL CORE I5
PROCESSOR**

**27 INCHES
SCREEN**

**INTEGRATED
CAMERA IN OPTION**

- Comes in at only 6.1" in depth and just under 15.2" wide
- An optional integrated camera that enables facial recognition for personalized suggestive selling
- Smart, flexible technology that allows you to adapt any EFT, and take cashless payments via Apple Pay, Google Pay, Samsung Pay, webchat, and more
- Monitors loyalty programs via the embedded barcode scanner
- Easy-swap components for seamless maintenance
- Customizable with either a plexiglass or metal face
- Available in a variety of color combinations to tailor to your branding or décor theme
- Available in double-sided, single-sided, or wall-mounted options

**THE K27 FROM ACRELEC
TRULY BECOMES YOUR KIOSK.**
